SUMMARY

Revenue and Partner Operations professional with 4+ years of experience supporting complex B2B commercial workflows in high-growth SaaS and AI environments. Experienced across Salesforce CPQ, contract operations, reseller transactions, billing and provisioning handoffs, and the operational exceptions that require cross-functional investigation.

EXPERIENCE

Partner Operations / Revenue Operations

OpenAI | 2026 - Present

- Own operational execution for reseller and partner-led transactions from signed agreement through booking, provisioning, billing, renewal, and amendment.
- Validate opportunities, quotes, order forms, purchase orders, pricing, discounts, dates, quantities, and credit allocations across Salesforce CPQ and contract workflows.
- Coordinate with Sales, Deal Desk, Billing Operations, Legal, partner teams, and technical provisioning teams to resolve commercial and customer-impacting exceptions.
- Built a Google Apps Script workflow that scans deal folders, extracts key values from PDFs, compares purchase orders with order forms, and flags discrepancies - reducing a manual hours-long review to an automated process that surfaces issues in minutes.

Commercial Operations, Senior Associate

DoorDash | Mar 2025 - Jul 2025

- Served as a subject matter expert for Enterprise Deal Desk, supporting complex quoting and contract workflows.
- Resolved high-risk compliance and deal-structuring issues with senior cross-functional stakeholders.
- Led system implementation work to improve deal accuracy and operational scalability.

Commercial Operations Associate

DoorDash | Dec 2022 - Mar 2025

- Reviewed contract terms and triaged redlines, aligning deal structures with company policy to support compliance and risk mitigation.
- Partnered with GTM and RevOps to improve Salesforce CPQ processes and seller experience.
- Contributed to a nine-scenario CPQ guardrail initiative covering recurring quote blockers, required fields, discount schedules, and clearer validation messages.

Deal Desk Analyst

ServiceTitan | May 2022 - Dec 2022

- Coordinated with Sales, Finance, Legal, and other teams to move deals from quote to closure.
- Structured deals in alignment with policy and identified commercial risk before approval.

Sales Operations Analyst

StreamSets | Apr 2021 - 2022

- Managed end-to-end Deal Desk support for high-value opportunities, including contract review, data integrity, forecasting collaboration, and reporting.
